Technology Employee of the Quarter

August 2021

Denise Johnson

Over the last year, Denise Johnson has served as Project Manager for the Intrado Phone System upgrade and the NextGen911 implementation. She has been responsible for managing all aspects of both projects along with her normal responsibilities as part of the DEC Technology Team. She has voluntarily worked many long hours as well as worked many hours on her normal RDOs. She has also rescheduled

planned vacations so that she could meet the very tight deadlines imposed by the CARES Act funding source used in the Intrado Phone System upgrade.

Denise has displayed extraordinary dedication and devotion to duty that brings the highest credit to DEC.
