

WELCA Congregational Quilt Project

A new project is available for anyone who would love a fun and meaningful opportunity to serve our sisters and brothers across the globe.

WELCA will be assembling quilt kits to be taken home, layered, and tied. You don't have to sew a thing! The kits will come with complete instructions and all the supplies you need to layer and tack the quilt. Kits will be available at the church the first full week of August. Please call and arrange to pick up a kit during office hours. Once you have completed the project, the quilt can be returned to the church or to Beth Smith. If you have questions, please contact Beth at bethrand@comcast.net or 615-479-3566,
