Thank You, Jon!

As many of you know, Jon Tate has recently resigned from his WFW Board position as President. We will miss Jon but we will certainly see him on future rides.

The West Florida Wheelmen Club has grown through his leadership of almost three years. Membership is approaching 250 which will be the third year of consistent growth. Under Jon's leadership, our club miles have climbed also. In each of the past two years, we have ridden over 500,000 miles.

Jon personally spearheaded efforts to have repair stations installed at the Blackwater Trailhead and Jerry Maygarden and Summit and he had the vision of supporting other cycling clubs and non-profit organizations.

Keeping you informed and upright!

August 2022

GRAYDON GRABBED THIS PIC SOUTH OF OTTAWA, CANADA.

Jon encouraged the renovation of our club's website and directed the implementation of Ride with GPS and Slack which provide consistent communication on route changes and rider collaboration.

I am excited to continue growing our members not only in numbers, but in skills and vision. This is where you come in.

We are in need of route leaders especially in our C and D groups. Some of the newer riders

have joined to learn and grow in their cycling skills. As many of you know, we have cyclists who join us for our special holiday rides and they are wanting more group rides.

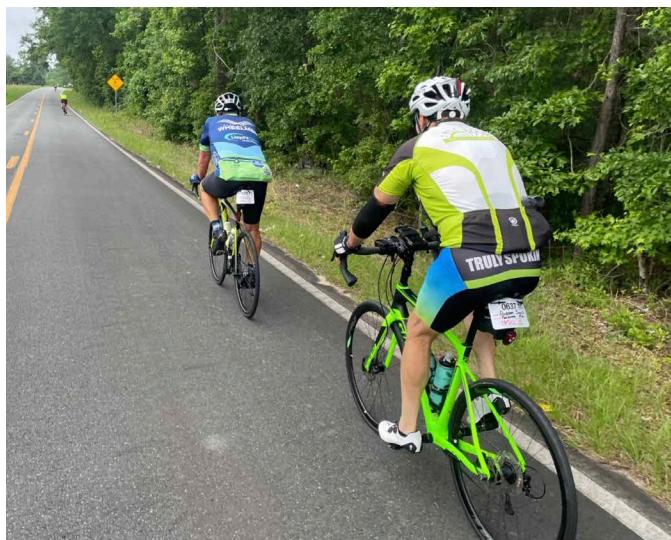

This, of course, can not be accomplished with just board members, it is going to require ride leaders from our membership. My vision is to include more D and E groups with the hope of starting a "Couch to 50" category.

Many of you know our roots. We began many years ago to help cyclists become their best. Ian Lintner and Eric Larson are leading Wednesday Worlds with the hope of more of our B Group and C Group riders joining them and growing stronger.

Presently, we are working on a vision statement which will reflect our objectives and goals. Feel free to reach out to me should you have any questions or ideas. Thank you! —Jeff W.

David Mayo Rides the Rockies

Five days, 298 miles and 18,180' elevation gain!

Corinne and Fred Carlson joined him on one of the days. Corrine writes, "David is tackling his Goliath this week! So Fred and I came to ride Day #2 of the Ride The Rockies Tour with him. We rode an easy day though—Glenwood Springs to Basalt, 31 miles."

"Yesterday, as he was barely off the plane from Florida, David began his attack of this Goliath with a 112 mile grueling day that took him over two huge passes and a third mountain! What an accomplishment! We are so proud of you David! And so blessed to be counted as your friends! You are an incredible inspiration!"
