

A Long Beach Public High School

CSULB COLLEGE TOUR PERMISSION FORM

Visiting multiple colleges allows students to gain perspective on what kind of environment they are looking for. It also helps applicants highlight their interest in prospective colleges; therefore the Academy will be taking students for another college visit.

Academy students will be given the opportunity to participate in a field trip, on **May 29th** from **9:00 a.m. - 1:00 p.m.** to **California State University, Long Beach** for a college visit.

We are requesting a donation of \$5.00 to help subsidize the overall expense for **public transportation**.

Students need to eat breakfast prior to their arrival at 8:00 a.m. Students are encouraged to **BRING THEIR OWN LUNCH** and **WATER**, however lunch will be provided for students who need one (please note below). Lunch can also be purchased on campus.

Top Reasons to Visit Colleges

1. You won't really know how you feel about a place until you've been there. A college catalog, view book, or website can only show you so much.
2. The college information sessions and the campus tours will give you a much better idea of what the college is like and if you would be happy there.
3. A small investment in time now can save significant time, money, and hassles during the college application period.
4. You'll get a sense of the college's vibrancy, character, and facilities. Visits will provide you with a more complete picture.
5. College tours allow students to ask questions, meet other prospective students and understand the college on a deeper level.
6. How you feel about schools once you visit in person may affect the direction your college search and application process takes. College visits help you to refine your search.
7. Applying to college is a complex process and visits to campuses will serve you best if you use them as a research tool, rather than a final decision-making aid.
8. Time, energy and money are finite resources and you want to use them wisely throughout the application process. First-hand knowledge will help you to clarify your vision and narrow your list.
9. Most colleges love students who are sincerely interested and visiting colleges is one way to show this.
10. You want to be able to relax and make a fully informed choice once you have been accepted. If you've already visited those schools at least once, that's just what you will be able to do.
