“The challenges and opportunities on the horizon for Indian Country”
- 1:00 p.m.–1:20 p.m. **Indian Boarding Schools Update**
Chief Ben Barnes, Shawnee Tribe
So much is not known about what happened to during the 150 years of federal policy establishing Indian boarding schools. The Senate Committee on Indian Affairs is working on bipartisan legislation that would create an Indian Boarding Schools Truth and Healing Commission that would gather information, hear testimony, and make recommendations on how to proceed.
- 1:20 pm to 1:45 pm **Oklahoma Indian Gaming update**
Matthew Morgan, Chairman, OIGA
From mobile gaming to compacts to sports betting, tribal gaming continues to be a hot topic. OIGA is engaged and will guide us through the latest updates.
- 1:45 pm to 2:00 pm **Accessing Tribal Broadband**
Mark Kirk, Consultant
Discussion about the current environment and available funding options and other resources for Tribal Nations to start or expand a broadband network system. Discuss the idea of creating a Tribal Technology Focus Group within the UINO structure to function as a resource for Tribes to work together on broadband planning and implementation. The group would also be a valuable resource for Federal Agencies to utilize to help get technology program information to Tribes.
- 2:00 pm to 2:30 pm **Access to Dental Healthcare Disparity**
Julie Seward, Oral Health Programs Manager, SPTHB
If you’re a young adult or adult without medical issues it’s almost impossible to be seen at our facilities. As dental health therapy is being pushed at the national level in areas such as Alaska, California, Washington and Oregon. The Tribes in these States already have access within their facilities. Oklahoma is pushing the issue for access and is receiving resistance from the Dental Association. It’s going to take Tribal advocacy to get this important issue across the finish line.
