What is Sports Buddies?

Sports Buddies is a "Guys Only" Sports Mentoring Program where your child will be match with a male mentor that he would get together with 1-2 times a month, typically on Saturdays, at Big Brothers Big Sisters sponsored and supervised sport activities. You would take your child to the event, where they will meet their big brother and participate in the activity together. You would receive a calendar of events early in the month, and you and your child would pick which events he would want to do with his big, or which events work with your schedule. Events include spectator and participatory events; one weekend they may be going to a sporting event like a Rockies game, or they would participate in a non-competitive activity our staff facilitates, possibly a fishing outing or maybe a tennis lesson.

Learn more about Sports Buddies and apply online on our website www.biglittlecolorado.org.
