

## CHILDREN'S ART SCHOOL

*Is art your child's favorite subject?*

The Children's Art School is celebrating thirteen years providing in depth arts education for interested and talented young artists, ages 4 through 12. The **JOY OF ART** week long summer camps give the tools to express ideas, nurture creative thinking and promote aesthetic literacy. The world of nature and master artists are our guides. Summer highlights for young artists include: **BUTTERFLIES FLUTTERBY** in art and the garden and will design puppets with sunlight wings from July 5 through July 8. **SKETCHBOOKS IN SUMMER** will take sketching trips and learn how to use pencils, pastels and pens to capture summer life in quick drawings from July 11 through July 15. **PAINT PALETTE BRUSHES** will learn the steps for oil paintings in garden landscapes, *en plein air*, from July 18 through July 22. **A IS FOR ART** will take an art journey from A to Z exploring painting, printing and sculpture including building clay castles from July 25 through July 29. **SWEET PEAS** is for Moms and young artists, ages 3+, to explore and learn the importance of making art together. The Children's Art School is located at 4100 East Iliff Avenue, Denver 80222 in the University Park neighborhood. For information on art that explores the world and lets the imagination soar, contact the Children's Art School at [childartcreates@gmail.com](mailto:childartcreates@gmail.com) or 303 369-7956.
