

MAKING A DIFFERENCE IN THE LIFE OF OTHERS

The Gammon Theological Seminary Christian Education Programs is vital in the life of Gammon. Our center helps educate, train, and shape our students, clergy, layperson, and community, to do the ministry God has called us to do. The resource center provides information about cultural competency, advocacy, and education in areas that further racial justice and equality. The center helps

empower seminarians, clergy, alums, layperson, and others that are interested to challenge inequities along racial lines throughout the church, communities, and around the world. It is our hope to continue the work of developing inclusive, multi-cultural leadership the

church that is representative of an increasingly global society. The center provides: vital conversations, panel discussions on race, culture and justice issues, workshops/lectures/film, advocacy work, ways to understand and deal with different racism, build a beloved community in the church, and our communities. Let us work together as one in the body of Christ. We hope you will stay informed and be a part of the education and training provide by the Christian Education Programs at Gammon.
