

## 2021 St. Paul's Vestry Mutual Ministry Goal

### Goal

In a time of pandemic, the vestry will facilitate a gradual return to in-person worship, learning, fellowship and service, while maintaining the ability to offer remote access to worship. The process of reunion welcomes inclusion and diversity. Reunion also includes revitalization and celebration of our parish, and engagement with the wider community.

### Objectives

1. Develop a reunion and celebration plan with an emphasis on revitalization. To include but not limited to:
  - a. Engagement of the congregation in the planning process.
  - b. A series of events and activities aimed at celebration and connection with all parishioners and newly affiliated people.
2. Engage a consultant to help the congregation through a discernment process regarding worship space, with the goal of developing a plan for the sanctuary.
3. Engage a consultant to help develop a more permanent solution for live-streaming worship.
4. Develop a plan that specifically targets the larger community regarding opportunities for engagement with St. Paul's.
