### **Community Health Center of Fort Dodge Welcomes Dr. Dasari to Dental Team**

Community Health Center of Fort Dodge is pleased to announce the addition of Dr. Ankineedu Babu Dasari, DDS, MBA to its dental care team. Dr. Dasari will begin seeing patients in August 2025 at Community Health Center of Fort Dodge.

Dr. Dasari has a strong background in general dentistry, with a particular focus on restorative and community-based care. A 2014 graduate of the Sibar Institute of Dental Sciences, Dr. Dasari went on to earn an MBA in Healthcare Administration, strengthening his expertise in both clinical care and healthcare operations.

Driven by a deep commitment to community service, Dr. Dasari has worked extensively with underserved populations, helping ensure equitable access to high-quality oral healthcare. Currently completing the Advanced Standing DDS Program at Meharry Medical College School of Dentistry, Dr. Dasari has received multiple honors in Endodontics, Public Health Dentistry, Oral Diagnostic Sciences, and Academic Research.

At the Community Health Center of Fort Dodge, Dr. Dasari will provide a wide range of dental services focused on promoting oral health and overall well-being, including preventive care, restorative treatments, and family dentistry for patients of all ages.

Outside of the clinic, Dr. Dasari enjoys gardening, playing cricket, and video gaming.

Community Health Center of Fort Dodge is a federally qualified health center providing medical, dental, behavioral health, optical and pharmacy services to residents of Fort Dodge and surrounding areas. Community Health Center is open to all regardless of insurance status. We accept Medicare, Medicaid, most major insurance and offer a sliding-fee scale for those who qualify based on income and household size.

Appointments can be made by calling 515-576-6500.
