2020-21 PHOTO AND PUBLICITY RESTRICTION FORM

Please sign and return **only if you DO NOT GRANT PERMISSION** for the District to share your child's photo or work.

The Pelham Public School District often publishes photographs and videos of students and their work on its website, social media, the District newsletter, and through local print, online, and broadcast media. If you give permission to the school district to use your child's photo or work in the aforementioned ways, you do not have to do anything with this form.

If you DO NOT grant permission to the school district to use your child's photo or work on its website, social media, in the District newsletter, and through local print, online, and broadcast media, **you must complete and return the form below to the main office in your child's building by Friday, Sept. 11, 2020.**

Please note:

- **If you do not grant permission, a separate form must be submitted for each child.**
- This restriction form does not pertain to photographs or stories of students who are part of athletic teams or performing with musical and drama groups within the District. It should be assumed that through participation in these activities, your child may be photographed.
- At no time are students with special learning needs identified as such without prior permission from parents.
