

Overdose Awareness & Prevention: A Family Education Event

Building Awareness and Being Prepared

Because... "Treatment isn't possible if someone dies."

The Lybert Family will share their experiences involving substance abuse. The Lybert family lived through the devastation of drugs and alcohol. The family came together and decided they wanted to educate youth and families about drugs and alcohol so that other families wouldn't have to experience what they lived through.

Learn to recognize the signs of drug use and drug overdose
Free Naloxone (Narcan) kit available for adults after training
