**WEBSTER COMPLETE BUSINESS CHECKING \$300 OFFER:** Promotion valid for new Webster Complete Business Checking accounts opened between 3/1/2019 and 4/30/2019 at the Webster Banking Centers located in Boston, Cambridge, Newton, Lexington, Needham, Brookline, Wellesley and Quincy, and meeting minimum opening balance requirements. Business customer must qualify for the account and complete the following by 9/30/2019: 1) make cumulative deposits of \$5,000 or more OR 2) complete a total of 6 deposits into the newly opened Complete Business Checking account. To be eligible, the primary business customer must not have had an open checking account since 3/1/2018 at Webster Bank. Offer not available to sole proprietors who have had personal accounts since 3/1/2018. Account must be in good standing at the time of payout; an account is considered to be in good standing if it has a positive balance and is not in the process of being closed. All funds will be transferred into the newly established checking account by 11/21/2019. Amounts will be reported to the IRS, and customer is responsible for any applicable taxes. Customer must be a resident of CT, MA, NY, or RI at time of account opening and promotion payout. Please speak to a Webster banker for details.

**WEBSTER COMPLETE BUSINESS CHECKING.** Minimum opening deposit of \$500 is required. The \$21.95 monthly service charge can be waived by maintaining a monthly average balance of at least \$7,500 in up to 3 linked Webster Complete Business Checking accounts (the "relationship package"). You may create a relationship package of up to 3 Webster Complete Business Checking accounts. The aggregated monthly average balance of these accounts (the "relationship package") will be calculated to determine if the account designated as the Primary is entitled to a service charge waiver based on maintaining the monthly average balance required to avoid the monthly service charge for that statement period. Secondary linked accounts will always be free of the monthly service charge, provided a primary account is present. Authorized signers on any of the accounts are entitled to determine which accounts are included in the relationship package provided that they are a signer on each of the accounts they designate. Accounts can be added or removed at the sole discretion of the signers on the individual accounts in the relationship package. If you remove or close the Primary account in the relationship, it will result in dissolving the relationship package and subject each account to the monthly average balance requirement to waive the monthly service charge. In addition, removal of one of the secondary accounts from the relationship, by a signer, may result in the Primary account being subject to a service charge without notice to all other signers, should the monthly aggregated balances fall below the balance to waive threshold. Other miscellaneous fees may apply. **Webster Complete Business Checking ATM.** With Webster Complete Business Checking, Webster will not charge any fees for checking withdrawals at non-Webster ATMs, and if you are charged a fee by another bank for checking withdrawals at its ATM, we will rebate the fee. Tax reporting may apply. Product features are subject to change at any time.
