**MEDICINE CAN HEAL THE BODY.
CREATIVITY HEALS THE SOUL.**

PREMIER SPONSORSHIP

2025 INAUGURAL

Art with a Heart in Healthcare is dedicated to enhancing the lives of patients and their families through meaningful fine art experiences. We believe that creativity is essential to the human experience, and that artistic expression fosters health, well-being, and improved patient outcomes. These benefits extend to children and their families, medical professionals, artists, and the broader Jacksonville community.

To continue offering these valuable art sessions and programs that enhance the healthcare experience for children, we need your support.

Please consider supporting Art with a Heart in Healthcare. Regardless of the sponsorship level, your contribution helps fund art supplies and supports the artists who serve thousands of children each year.

Thank you for your generosity.

SPONSORSHIP OPPORTUNITIES

When you support Art with a Heart in Healthcare, you help bring moments of healing, joy, and creativity to children and families navigating medical challenges.

Your generosity provides personalized fine art experiences, quality art supplies—including materials patients can keep—and meaningful projects that offer comfort and connection at the bedside and beyond.

Thanks to your support, our team of Artists-in-Residence delivers one-on-one bedside art sessions, as well as group sessions in hospital playrooms. Your contributions also help us expand vital programming, including increased services in the Pediatric Behavioral Health Unit and virtual art sessions for patients in isolation.

Together, we can continue transforming hospital experiences through the healing power of art.
