

Analeida “Ana” Tari grew up in Dallas, Texas and attended The University of Texas at Austin where she studied Communications and Business Administration. She has lived in Atlantic Beach for almost a decade with her husband and two children. In 2021, one of her sons was diagnosed with an illness that required almost continuous hospitalization for six months. It was during this challenging period that Ana, and the rest of her family, met the wonderful people at AWAHIH.

"The artists of Art With A Heart gave my son happiness during a time in his life when he needed it most. During his weekly visits with Mr. Dylan, I got to see my happy, carefree little guy completely forget that he was in the hospital and just enjoy himself. AWAHIH truly is a necessity in our healthcare system, and I hope to help keep the mission going."

Ana has already made a significant contribution to AWAHIH by actively engaging in our fundraiser committee, and we are genuinely grateful to have her as a valuable member of our team.
