

**Luby's Culinary Services** is excited to continue our Apache Dining experience partnership with **Antonian College Preparatory High School** offering the freshest ingredients and homemade favorites. Luby's etc. will feature classic homestyle, comfort food that is handcrafted daily serving delicious entrees, signature veggies and yummy sides. The hallmark of our business is our **FOOD**, and we understand how to **NOURISH** the community. All our meals are prepared and cooked daily from high-quality, restaurant ingredients, featuring in-season produce and local ingredients in every meal. Creating a routine and daily diet of fresh, homemade foods helps students have an enjoyable meal that promotes wellness as well as improving their physical health. Our cuisine nourishes, inspires, and helps fuel minds and bodies to restore focus and stamina to achieve success!

Our commitment of serving “good food from good people” began when Bob Luby and his cousin Charles Johnston opened their first cafeteria on January 28, 1947, in San Antonio, Texas. In 2001, two successful Texas restaurateurs, Chris and Harris Pappas of Houston, Texas joined the Luby's management team and moved the headquarters from San Antonio to Houston, Texas. In an effort to enhance the dining experience in the contract food service industry Luby's developed the concept, Luby's Culinary Services in 2006 to manage the food services for education facilities, healthcare, senior living, corporations, and entertainment venues. In 2022, Luby's Culinary Services was acquired by the Pappas Restaurants, Inc., to continue serving Luby's inspired recipes that generations of Texans have grown up eating and innovative, delicious new dishes that nurture, motivate, and inspire enjoyable experiences!

Apache Dining Service operates two food service areas for breakfast, lunch, and snack

*Apache Dining Express and the Apache Dining Main Line*
