

# 33 Tibetan Healing (Singing) Bowl Galactivation Experience

Saturday, December 16, 2017, 5:30 pm to 7 pm

During this profound healing event, Mark "Dr. DREAM" Peebler, an internationally known holistic healing practitioner and speaker, will use 33 Tibetan healing bowls to orchestrate an extraordinary sound healing experience. Using handcrafted Tibetan bowls, Dr. Dream will create a guided visualization combined with different sounds and vibrations to harmonize your energy and relax your mind. You'll feel energized and inspired as the sound of the bowls washes over you, expanding your consciousness, releasing stuck energies, and connecting your mind, body and spirit. "We have designed a rare experience with 33 Tibetan Healing Bowls that nobody in the U.S. has ever done before," Dr. DREAM said.

A portion of the proceeds from the event will benefit the Gilung and Sidupalachoka Villages in Nepal, which were devastated by a series

of earthquakes in 2015. The villages make beautiful Tibetan bowls that are shared with many healers around the world. Though the villages were completely devastated by the earthquakes, the villagers have continued to create these ancient healing bowls, feeling strongly that it is their purpose. In addition to facilitating his sound healing experiences, Dr. DREAM also sells the bowls to provide much needed cash flow for the villages.
