

# California Oil Museum

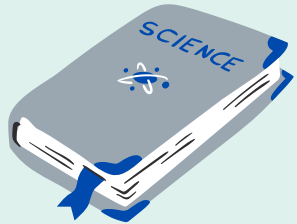

## MUSEUM MATERIALS FOR EDUCATORS

Here at the California Oil Museum, we are missing our educational workshops and field trips. We think the teachers and students of Ventura county are amazing and would like to help them  
#MuseumFromHome since they are unable to visit us.

Our Education Department is offering samples of our workshops for educators to borrow in their distant learning classes.

Available items on loan-

- Big Box of Rocks
- Workshop Box of Rocks
- Workshop Box of Fossils
- Workshop Box of Sands and Soils
- Workshop Box of Oil
- Workshop Box of Minerals
- Earthquake Kit
- Microscope

And many other items from the Museum's collection

Please contact our Museum Educator, Erin Valenzuela, at [educator@caoilmuseum.org](mailto:educator@caoilmuseum.org) for more information or to pick up a box
