SAY HELLO TO OUR NEW THERAPY TEAMS

Canine Assisted Therapy is actively recruiting and certifying new therapy dogs to meet the needs of our community as facility doors slowly re-open. With increasing requests for pet therapy at mental health facilities, nursing homes and schools, our new and existing therapy teams are trained and ready to provide services.

This month we certified 5 new therapy dogs and their handlers, who will go on to serve hundreds of children and adults in need.

Pictured above (left) is David Civatarese with his therapy dog Dr. Watson, and Danielle and Adam Cerny (right) with their therapy dog Garnet. Meet the rest of our newest pack members on page 2.

MEET THE NEWEST MEMBERS OF OUR PACK

Rick Brown with Shadow

We are honored to welcome these exceptional volunteers and therapy dogs into our family and can't wait to see all of the lives they'll touch through the power of pet therapy.

One of the most important things we can do for others during times of hardship is to let them know they are not alone. Our therapy dogs do just that!

A very special thank you to **Tripp Scott, the Animal Eye Guys, and Evelyn and Leon Legot** for sponsoring these new teams.

Partnering For a Cause

This month C.A.T. partnered with **Tenet Health** to provide their healthcare and frontline workers with some much deserved appreciation and mental health respite. Canine Care-avans were provided to the hardwroking heroes at West Boca Medical Center and St. Mary's Medical Center and they'll soon be at Delray Medical Center for a special St. Patty's Day Parade!
