Promo # 2

HOW KYBELLA® WORKS

The active ingredient in KYBELLA® is synthetic deoxycholic acid. Deoxycholic acid is a naturally occurring molecule in the body that aids in the breakdown and absorption of dietary fat. When injected into the fat beneath the chin, KYBELLA® destroys fat cells, resulting in a noticeable reduction in fullness under the chin. Once destroyed, these cells can no longer store or accumulate fat, so further treatment is not expected once you reach your desired aesthetic goal**.**

Purchase one vial for $600.00 and receive $200.00 off your 2nd Treatment. Offer good while supplies last and both syringes must be purchased at the first appointment to receive promotional pricing.

Promo # 3

What is the Silhouette InstaLift?

The Silhouette InstaLift is touted as the “lunchtime facelift” is FDA-approved for use in the mid-face. This minimally invasive approach uses absorbable sutures with tiny bi-directional cones to lift and suspend the deeper layers of the skin. The suture and cone material are both made of glycolide and L-lactide (PLGA).

Promotional pricing $2,700 for 3 sutures each side. Normally $3,000 (Savings of $300) off through 9/30/22. Suture amounts and results may vary per patient. Consultation is required.

Promo #4

Strut Your Stuff with controlled Non-invasive Tissue Heating from ThermiSmooth.

Through the years, our face and body begin to reveal the signs of aging. Although there is a wide spectrum of cosmetic solutions, patients are increasingly gravitating towards non-invasive options that offer natural looking results without surgery or downtime.

Purchase Four Face or Body treatments and receive one free through 9/30/22. Ask for more details.

Promo #5
