

August 2024 President's Letter

Dear NAWIC Chapter 99 Members,

As I write to you from the inspiring setting of the NAWIC Annual Meeting, I am filled with gratitude for the journey we have shared over the past year. Witnessing the power of NAWIC in action, I am reminded of the profound impact of solid relationships within our industry. It is within this collective framework that we find strength, support, and the camaraderie that unites us as women paving the way in construction.

Reflecting on the Annual Meeting, I have seen long-time friends reconnect, and shy, introverted women find new friendships, all while reinforcing that together, we are stronger as one. It has been both humbling and inspiring to serve as your president this past year.

August signifies a time of transition and new beginnings as we prepare for the future. Our planning meeting on August 20 at The Exhibit in San Jose marks the commencement of Brenda Trejo's journey as the incoming president. I have full confidence in Brenda's capabilities and the energy she will bring to our chapter.

Furthermore, our Membership Meeting on August 28th provides us with an opportunity to express our gratitude to our sponsors for their unwavering support. Their generosity has been instrumental in bringing to life the events and initiatives that have enriched our chapter this past year.

Looking ahead to September, I will be leading my final Membership Meeting, symbolizing a passing of the gavel to Brenda Trejo, a dedicated leader filled with passion and drive. I am excited to witness the new heights our chapter will reach under her fiery leadership.

As we embrace the back-to-school season and the early whispers of the end of the year, I urge you to revisit the goals you set at the beginning of the year. Remember, the journey is just as crucial as the destination, and together, we can accomplish remarkable milestones in the months ahead.

Thank you for your unwavering support and dedication to NAWIC. Let's continue to empower each other and make strides in advancing women in the construction industry.

Warm Regards,

April Vicchirilli, President
NAWIC Silicon Valley, CA
