June 2024 President's Letter

Dear NAWIC Chapter 99 Members,

As we transition into the beautiful summer month of June, I want to share a recap of the exciting month we had in May and what lies ahead for us.

Our May event held at Rosendin was an enlightening experience. We delved deep into understanding the technologies that Rosendin employs for both its staff and clients. It was inspiring to witness the engaged audience and the interactive learning environment that was created. Our Membership Chair, Laura Grabar, led the installation of new members, Cassie Long and Michelle Padilla. Amidst such eventful learning and networking, we also celebrated the successful inauguration of our new sound system!

I received positive feedback about the WACA/SDI event, and although I regret not being able to attend personally, I'm glad it provided great value to our members.

Moving on to June, we have some exciting developments to look forward to. This Saturday, in celebration of Rosé Wine Day, we are gathering at Laura Grabar's home from noon to 4 PM. Please send an email to Brenda at brendatrejodesign@gmail.com if you plan to attend to ensure we can accommodate everyone comfortably.

Our upcoming membership meeting is on June 26th and will focus on an essential topic - safety in our industry. I encourage you to check out the flyer and sign up. An important part of this meeting will be the final acceptance of nominees and voting for next year's Board of Directors. Your presence and votes are vital, we need as many members as possible to vote!

Please note, there will be no newsletter or membership meeting in July. However, member Shawna Alvardo will be orchestrating a breakfast event centered on the theme of positivity on July 24th. A perfect way start to the sunny summer month!

I am grateful for your continued commitment to NAWIC and look forward to an action-packed June filled with learning, networking, and celebration.

Warm Regards,

April Vicchrilli, President
NAWIC Silicon Valley, CA
