

President's Letter

Dear NAWIC Chapter 99 Members,

I hope this message finds you all in great spirits! I am incredibly excited to share that I have officially taken on the role as your new president. It is an honor to serve in this capacity, and I am truly looking forward to working alongside each and every one of you.

It will be tough to surpass the great work April did as president. She truly excelled in her role and helped pave the way for our future. I'm confident that I can rely on her support as our immediate past president.

As we embark on this journey together, I want to emphasize how grateful I am for the support and trust you all have placed in me. I am committed to fostering an inclusive atmosphere where everyone's ideas and contributions are valued. Together, we can achieve remarkable things and make our organization even stronger.

I'm thrilled about the upcoming events we have planned, such as the Pacific Northwest Fall Conference, the SFPUC's Southeast Wastewater Treatment Plant, and to hear from speaker Steve Long about Implementing Project Retrospectives to Capture Lessons Learned and Drive Future Project Improvements, just to name a few. Additionally, I'm thrilled to be collaborating with the NAWIC San Francisco Chapter and other amazing organizations. Our calendar is full of events that not only present an excellent opportunity for us to engage with one another but also to strengthen our ties within the community and showcase the incredible talents within our group.

Let's embrace this exciting chapter and make the most of the opportunities that lie ahead. Your enthusiasm and participation are key to our success, and I can't wait to see what we can accomplish together.

Thank you for your continued support, and here's to a fantastic year ahead!

Warm regards,

Brenda Trejo

President

NAWIC Silicon Valley, CA, Chapter 99
