Pat is the #1 nicest person that has entered my NAWIC life. She is soft spoken, positive, sweet and always there for you if you need something. She can turn a bad situation into something positive. – Judy Wagner

Pat has been such an amazing mentor throughout my NAWIC journey! She helped me grow into the member I'm today and I'm so thankful for her!! She always provided me with the right tools and is definitely my go to NAWIC guru for anything I'm looking for with any questions! I'm extremely blessed to call her not only my NAWIC sister, but my friend, and I treasure that friendship! Thank you Pat!! XO – Shawna Alvarado

I got to know Pat when I became Treasurer and she was a director. She was very helpful as I learned the business side of NAWIC. I had the pleasure of rooming with her at this past Spring Forum. She is very easy to talk to and gives great advice whether it is NAWIC related or personal. Pat is a great roommate and fun to hang with. – Laura Grabar

Both of these women have given so much to NAWIC and immensely helped our chapter. Thank you so much for all that you have done and continue to do for Silicon Valley Chapter 99.
