

## April 2024 President's Letter

Dear NAWIC Chapter 99 Members,

Warm April greetings to all!

April ushers in the freshness of spring and the vibrant blooms synonymous with renewal - a reminder that we must continuously evolve and grow both as individuals and as an organization. Known for its showers, it also symbolizes nurturing and growth, much akin to our role as NAWIC - nurturing skills and facilitating growth for women in our industry.

Last month, we hosted the insightful Tradeswomen Panel which provided an enriching dialogue and fueled the momentum to implement changes benefitting women in the trades. The participation and interaction were truly inspirational, reinforcing our commitment to group of women in construction. My heartfelt gratitude goes out to the panel members and to Sara Thorvund for her excellent moderation of this insightful session.

One of the key highlights this month is the celebration of our 59th chapter anniversary. It is a testament to our resilience, dedication, and the remarkable progress we have been making over the years. I invite you all to join us in celebrating this significant milestone at the Three Flames Restaurant on April 24. Enjoy an evening of good food, exciting games, and excellent company as we look back at our shared journey and look ahead to continued success.

In the spirit of rebirth and regeneration symbolized by April, let's use this time to recommit ourselves to the causes we champion. Let's continue our mission to foster the empowerment and advancement of women in construction.

Thank you for your unwavering dedication to NAWIC. It is with your passion and commitment that we can achieve these milestones.

April Vicchrilli, President  
NAWIC Silicon Valley, CA
