Reach out to your health care provider to see if VHT is right for you.

Restore Your Life with Vaporox

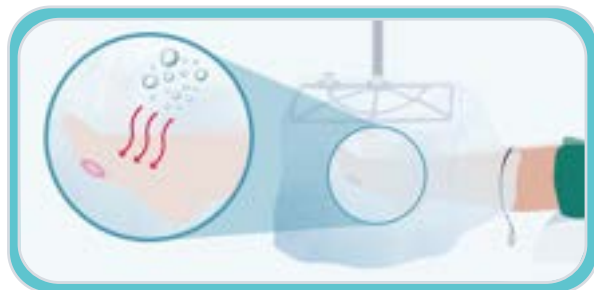

Vaporox

with VHT™

What is VAPOROX?

Vaporox is FDA-Cleared healing technology that can treat 9 types of chronic wounds.

- > Vaporox consistently granulates wound beds 50-70% by volume in just 4-6 weeks
- > Hydrating vapor gently surrounds the wound and the elements are passively absorbed through the cell walls
- > Clinically validated as safe and effective

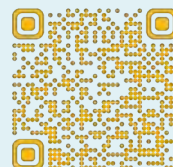

VHT™ Treatment

- > 42-minute treatment, 2-3 times per week
- > Painless and soothing
- > In the comfort of your provider's office

Utilizing water vapor and concentrated oxygen, we have seen wound closure up to 84% when used as an adjunct with standard wound care.
