

2018 EDEN PRAIRIE BACK-TO-SCHOOL SUPPLIES PROGRAM

School supplies are expensive. Our community believes *all* students should have what they need to be successful this school year.

Families experiencing financial stress can access free school supplies for K-12 students across the district. Highlights of the program include:

- Supplies provided match what students need.*
- Families do not need to register.
- No financial eligibility documentation is required. If you cannot afford supplies this year, please come see us.
- Backpacks and other supplies will be distributed at each Eden Prairie Schools building during Back-to-School Open House Nights (see below). Simply stop by the main office and ask for the "Family Resources Program Back-to-School Supplies Program." Some schools have additional distribution hours. View specifics for each school by visiting the Family Resources Program Website: edenpr.org/familyresources
