

## FOR IMMEDIATE RELEASE

### **Mikaël Portannier representing France is the 2025 World Coffee Roasting Champion!**

**April 28** — After three days of intense competition, the Specialty Coffee Association (SCA) is delighted to announce Mikaël Portannier representing France, as the 2025 World Coffee Roasting Champion! 23 competitors have been participating in the World Coffee Roasting Championships, which have taken place at the Specialty Coffee Expo in Houston, Texas, United States from April 25-27.

The World Coffee Roasting Championship is one of seven World Coffee Championships (WCC) – skills-based competitions that take place annually at trade shows around the world and are the culmination of local and regional events hosted by nearly 60 sanctioned Competition Bodies.

The World Coffee Roasting Championship (WCRC) recognizes excellence in coffee roasting by evaluating competitors on their coffee assessment preparation, and roasting skills in a three-stage event. This year, competitors created their unique approach to both a single-origin and blend submission by utilizing the Stronghold S9X as the Official Production Roaster, Nucleus Coffee Tools & Kaffelologic LINK as the Official Sample Roaster, along with water from Qualified Water Filtration sponsor, Vivreau.

Cadence Sim, Judge Operations Lead and WCC Representative states; "We are seeing increasing interest in the event, contributing to a broader enthusiasm for coffee roasting, especially with emerging innovations in processing methods and coffee varietals."

The WCC season continues with events in Jakarta, Geneva, and Milan throughout 2025.
