ILF Outcomes for this year

- **Member education** – help members become more comfortable with in-person advocacy
- **Library awareness** – Indy PL and Vigo Co PL set up technology to allow legislative assistants, legislators and other lobbyists to try; Legislators, Attorney General Curtis Hill and Supreme Court Chief Justice visited
- **Legislator relationships and asks** – While there was no budget ask (until 2019) or single priority for 2018, we worked to strengthen the relationship and discuss issues depending upon legislators' interests and committee roles (i.e. tax policy, workforce development reorganization, ISL-IHB merger, etc.).

Indiana Library Federation leads, educates and advocates to advance library services for the benefit of Indiana residents.
www.ilfonline.org

ILF Priority Bills

- **HB1412, ISL-IHB merger, library code updates and archives location** - passed and signed by the governor
- **HB1002 and SB50, Workforce Reorganization** – passed
- **HB1005, Township Merger** – died 2/5; a version of this WILL be back
- **HB1065, Broadband incentives** - passed

Monitoring/Supporting Other Bills:

- Monitoring certain bills affecting **tax policy** (see bill list), **school issues**, **teacher evaluations**, **local government issues**, **higher education issues**, etc.
- **SB172, computer science curriculum**
- Many **tax bills died**, including **HB1104 (included provision for Goshen Library)** and **HB1316**, a large tax bill that included a provision to clarify how certain **items sold by Libraries and Friends groups are tax exempt** – This bill died in the final hour.
- While ILF did not advocate directly on certain bills (sex education and student journalism), the ILF Advocacy Committee discussed how/whether these belong on our list because of our support for **Intellectual Freedom**.

HB1005, Township Merger bill

- Developed by the Indiana Township Association proactively in collaboration with IN Chamber and other stakeholders
- Outlined process for 300+ least populated of 1005 townships to merge over 5 year period

Public Libraries and Relationships to Townships

- 56 counties are fully served by public library districts
- 36 counties where some residents are not in district
- Alternative access has been provided through a special card, collaboration, service agreement or contract, sometimes with a township.
- HB1005 focused on Township Governance and Services, *not library district boundaries or library revenues.*
 - "A Library District is a library district."
 - Unserved townships and/or contracts with townships *might have been affected by HB1005.*
