Beyond the house:

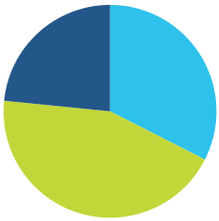

How Habitat is building strength, stability *and* **self-reliance in Monroe County.**

FY 2026 Impact Report

Our work extends far beyond building homes. Every home we build represents an investment in a family, an opportunity for greater stability, and a stronger future for our community. None of this would be possible without the volunteers, donors, partners, and supporters who make our work possible. Thank you for another year of support and for working alongside us to build a stronger Monroe County.
