Nevada Coalition to **END** Domestic and Sexual Violence

BEYOND LABELS

Training Overview:

Beyond Labels is a three-part series based the wisdom of survivors, national crisis services practitioners, trauma recovery experts and domestic violence and sexual assault professionals. Originally designed for domestic and sexual assault agencies it provides guidance for working with abuse survivors who engage in substance use or those experiencing mental illness.

Exploring the intersections between domestic and sexual violence, mental illness and substance use, Beyond Labels offers insight for not only domestic or sexual violence agency staff seeking to improve their response to survivors, but for any practitioner working with victims and survivors who may have additional needs. Beyond Labels also provides practical application of their concepts to client settings including shelter or group living.
