

“NOT JUST A SCALE...  
...BUT A WAY TO MEASURE KEY  
PRODUCTION DATA”

INDUSTRIAL NAME BRAND  
CONTROL OPTIONS AVAILABLE:

**Rockwell**  
Automation  
 **Allen-Bradley**

## Avery Weigh-Tronix

### MULTIPLE PLATFORMS

- HR Platform - 0.05 grams
- SR Platform - 1-2 grams
- CW Platform - 4.5 grams (0.1 lbs.)
- HS Platform – 0.5-1 lb.

## INTEGRATED IN MOTION PROCESSES

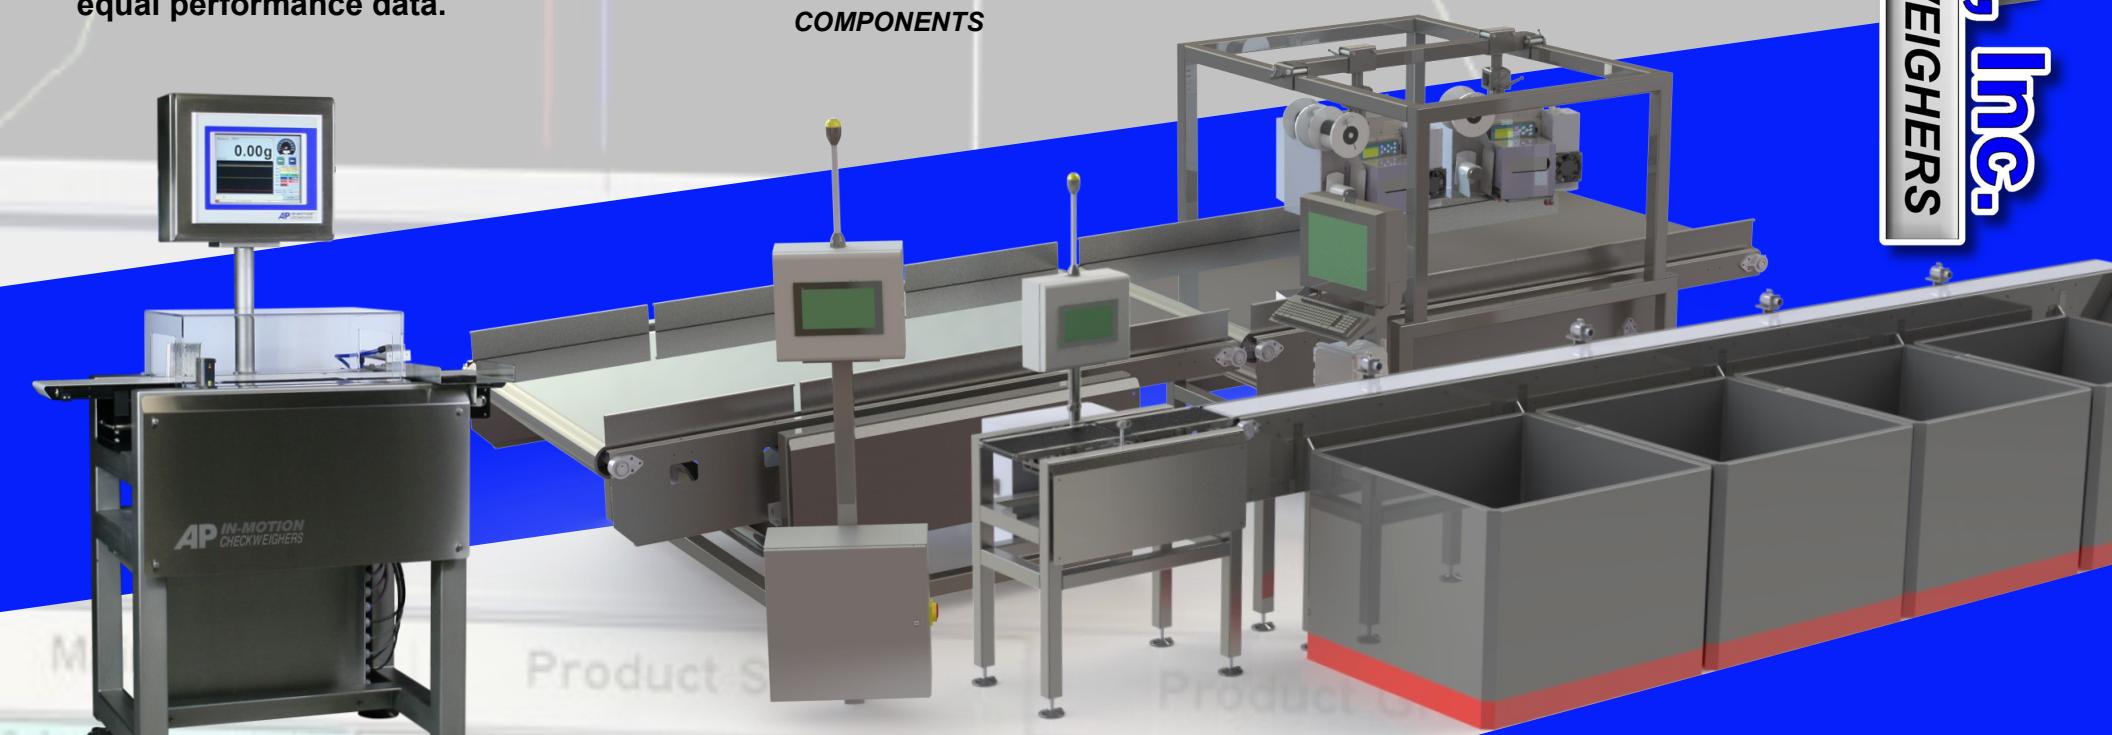

- ⇒ Check weighing
- ⇒ Metal Detection
- ⇒ X-Ray
- ⇒ Scanning/Bar Code Reading
- ⇒ Marking/Label Applications
- ⇒ Vision
- ⇒ Feedback to Filler
- ⇒ Transport conveyors
- ⇒ Multi zone Sortation
- ⇒ Multi-Lanes

- *CUSTOM MANUFACTURED TO INTEGRATE SEAMLESSLY INTO YOUR LINE*
- *LOCALLY SOURCED PARTS AND SERVICE*
- *NON-PROPRIETARY “OFF THE SHELF” COMPONENTS*

**AP Dataweigh, Inc.**  
/IN-MOTION CHECKWEIGHERS

AP Dataweigh is a US equipment manufacturer that offers solutions to automate the inspection process for products or packages in various stages of production in respect to quality, (Check weighing) and safety (Metal Detection/X-Ray).

But what sets us apart is our ability to offer custom designs and incorporate industrial “Brand Name” control options; such as, Rockwell/Allen-Bradley, B&R & Avery Weigh-Tronix.

Check weighing is a gateway to automation, and it provides one of the most important metrics in automation... production and reject rates equal performance data.
