MEMBER SPOTLIGHT- FENDER FAMILY

As the Scriptures refer to us as “members of the household of God” in Ephesians 2:19, I feel this as I walk through the doors of FPC, the church we call home and the body of people we call our faith family.

Roger and I have belonged to FPC for more than 30 years. Our children and grandchildren were baptized at the familiar font and welcomed into the church. We have served on Session, several committees, and washed dishes in the kitchen. Serving in this church is a pleasure, and we consider it an honor to work shoulder-to-shoulder with this body of Christ.

We enjoy our faith family in pleasant times such as church suppers and activities, but we know the true evidence of God’s love binding us in times of crisis. In the loss of our son many years ago, the church rallied with food, tears, and stories to let me know he is not forgotten. A few years later, Roger found himself in an out-of-town trauma critical care unit following a hiking accident. Our church again fed us, prayed for us, and greeted us with open arms when we returned to worship.

I recall once, when living away on a job assignment, I returned after several months, and as I drove around the corner of the FPC driveway, I felt awash with the warmth that one feels when arriving home. Belonging to FPC is true evidence that we are members of the household of God.

*Thank you for enabling us to help the Fender family grow as Christ’s disciples.
Your gifts help individuals and families of all ages
connect with God’s love each and every day.*
