SUMMER 2021

ST. CHARLES

## I-70 Cave Springs to Fairgrounds Design-Build

For the past few months, the I-70 Cave Springs Design-Build project team has been working diligently to meet with local business owners, home owners, organizations, and elected officials! In January 2021, MoDOT paused the project to engage further with these local stakeholders. In April 2021, we sent out a second survey for the public to send in and we are reviewing the results. A decision on moving forward with the project will come out in the coming weeks.

For more information on the project, visit the project website at <https://i70csfg.com/>.

## I-70 Lake St. Louis Blvd. Interchange Roundabout

Crews began the first portion of the project closures on Wednesday, May 19. The contractor closed a portion of Veterans Memorial Parkway, located from Lake St. Louis Boulevard to east of Rue Petite Drive.

There will be a two-mile detour in place. Motorists can take Lake Saint Louis Boulevard to Bent Oak Cutoff Drive and back to Veterans Memorial Parkway. The closure will be in place until Late July.

To sign up for email updates, visit [www.modot.org/lake-saint-louis-boulevard-roundabout](http://www.modot.org/lake-saint-louis-boulevard-roundabout).

## I-70 Lake St. Louis Blvd. to Route K Pavement Improvements

Work has begun on the section of I-70 pavement improvement project between Lake Saint Louis Blvd. and Route K. Crews have started performing full-depth pavement repairs. They will follow up with a removal and asphalt resurfacing of the two outside lanes as the project progresses into the summer months.

In addition to the asphalt, the contractor will work in the inside (fast lanes) to make some repairs to the concrete driving

## Blanchette Bridge Update

The rehabilitation of the Eastbound Blanchette Bridge truss was substantially complete last November, but some epoxy deck sealing does remain for the driving surface. Due to an unforeseen nationwide material supply issue, the final application schedule is uncertain at this time.

A tentative work schedule will be provided once the epoxy material becomes available again.

If you would like to sign up for updates, please send an email to [BlanchetteI70@modot.mo.gov](mailto:BlanchetteI70@modot.mo.gov).

To report a road concern, contact MoDOT Customer Service at 314-275-1500 or toll free at 1-888-ASK-MODOT.
