- ◆ **Our Purpose:** We help defray educational debt for women discerning a vocation with the Marianist Sisters. Many women delay their formation for years while they work to pay off their educational loans. By removing this obstacle through fundraising efforts, our committee helps women fulfill their vocation to join the Marianist Sisters.
- ◆ **Our Goal:** We are committed to raising awareness and the funds necessary to make minimum monthly payments of educational debt for women in formation with the Marianist Sisters. We are 2/3rds of the way towards raising our first \$100,000.

Did you know that educational debt is the largest obstacle preventing women from joining a religious community?*

Did you know that the average college student graduates with over \$30,000 in educational debt? *
