Dear Neighbor,

I am honored to serve as your new representative on the Oakland City Council. Together, we can continue building on the good work in District 6. We have a history and dedication to co-creating a vision for what we know is possible for ourselves and each other.

Strengthening the health, safety, and wellbeing of our communities is how we can build a better future. Our liberation is bound together. I'm excited for our work ahead, the solutions we will find, and the path we will forge.

Check out our March Newsletter and please be sure to sign up for my mailing list to stay connected.
