

Julie Leven

Candidate for Board of Directors

The expertise I will bring to the BMA Board of Directors has been informed by successful negotiation of initial collective bargaining agreements for Handel + Haydn Society and Boston Baroque. Decades of experience as a violin soloist, section leader, and ensemble member in the above-named groups and Boston Pops Esplanade Orchestra inform my knowledge of the challenges facing musicians in our community. I have extensive management experience as Founder, Executive/Artistic Director Emeritus of [Shelter Music Boston](#). I am an activist for the implementation of music for social change and a staunch, long-standing labor union advocate. Thank you for your consideration.
