This year, Building Advantage is moving our annual Career Fair from November to a new location and date to align with **National Apprenticeship Day** on April 30th, 2025.

High school students will have the opportunity to connect with construction professionals and experience hands-on activities to introduce them to the basic skills and technologies used by today's building trades workforce.

Representatives from local contractors and union trades will be available to answer questions and provide information about registered apprenticeship and careers in construction.

GUIDE STUDENTS TOWARD A **DEBT-FREE** CAREER PATH

**GREAT
WAGES**
