2 Provide the information requested by your healthcare organization. You may be prompted to enter your date of birth to confirm your identity and press **Submit**

Please enter the Date of Birth as **MM/DD/YYYY**. So, a birthdate of September 25, 1947 would be entered as 09251947

Note: if the appointment is scheduled for a Dependent in your care, their date of birth OR the parent or guardian's date of birth will allow entry into the visit

3 You may get a prompt asking for Mend to use your camera and microphone. Please select **Allow**

Note: Once you are in the visit, you can opt to turn off your camera if you so choose

Basic Video Visit Functions

End Call

The End Call icon will disconnect you from the Video Visit.

You may re-join the visit any time until the visit has been checked out.

You may also disconnect by returning to the Dashboard or by closing your app or browser window.

Mute Microphone

The Mute Microphone icon will silence the audio coming from your video feed. When enabled, your provider will not be able to hear you

Turn Off Camera

The Turn Off Camera icon will pause your video feed by temporarily turning off your camera

Need Help?

Every screen has a **Need Help?** Button that takes you immediately to a live chat, supported by Mend staff to help.

Before Your Televisit Appointment

Before your appointment, you'll want to prepare a few things:

- Check your notifications!

You should received at least one (if not more) notifications by email or SMS text message containing a button or link to join your visit.

- If you received a “Connection Test” link in your email or text message, click this first! This process will test your internet connection, camera, microphone, and speakers on the device you will be using for your visit

We recommend using a strong Wi-Fi connection, but cellular data can work too. If you’re not sure if your connection meets the requirements, click the **Need Help?** Button at the top of any Mend page to begin a live chat with the Mend support team

- Find a quiet, comfortable place where you can speak with your provider without interference.

Since Mend is web-based, you can connect from anywhere with a consistent internet connection.

We recommend picking a private location where you can close a door, like an office or a bedroom.
