## ***We Are The Myth Makers***

*In*

### ***Let Us Dance!***

*By Chelan Harkin*

We are the myth makers,  
our lives are pens  
writing with our movements, our steps,  
our actions, every touch  
the stories we're hoping to record  
into the world.

What are the styles of relating  
we hope to inscribe?

What is the tone  
of our presence here  
as we walk this soft earth?

Women, what stories

would we like to tell  
about our selves,  
about our sisterhood,  
about our strength?

Men, what stories would you  
like to tell  
about gentleness and power  
coexisting,  
about the great courage  
it takes to love?

Humanity what stories  
do we want to tell  
about the grand journey  
to finally opening our hearts  
to each other?

Darling, it's time to put  
our heads together  
and consider:  
how beautiful

dare we make  
this world?
