WONDERCARE NANNY AND HOUSEKEEPING PROFESSIONALS

CLIENT ONBOARDING PROCESS

1.) Application Review

We begin by reviewing your new hiring application and understanding your needs. A placement counselor is assigned to work with you throughout our personalized hiring process.

2.) Candidate Search

Your placement counselor will look through our big list of job seekers from all over the country and pick the best ones for you. Wondercare Agency will do all the homework to make sure we find someone who fits your needs perfectly. Usually, the first person we suggest is the one that most families end up choosing.

3.) Introduction Review

You will review a candidate's application in the comfort and convenience of your own home or office. Whether your needs are full-time or part-time, live-in or live-out, permanent or temporary, our mission is to ensure a seamless and effortless hiring experience. Wondercare Agency will furnish comprehensive details of the candidate's educational background, professional experience, interests, character, and employment history. This allows you to make an informed decision well before the interview stage.

4.) Interview

Your placement counselor will arrange a FaceTime, Zoom, and/or phone interview with the candidates you have expressed interest in. Face-to-face interviews to meet candidates can then be scheduled.

5.) Trial & Hire

Once you have chosen to hire a suitable candidate, Wondercare Nanny & Housekeeping Agency will perform our exclusive and extensive screening process, which includes a nationwide criminal records investigation, a nationwide sex and violent offender search, a 10-panel drug screening test, a driving record report, a social media search, and a personality assessment. Our goal is to make you feel at ease knowing that your home and your loved ones are in qualified, capable hands. Additionally, you may elect the first trial candidate in your home to ensure a perfect match.
