

insect  shield[®]

Insect Shield® Repellent Apparel products are revolutionary and designed to deliver proven, long-lasting, odorless, effective and convenient personal insect protection.

The durable protection provided by Insect Shield apparel is the result of years of research and field study. Insect Shield Repellent Apparel is registered with the U.S. Environmental Protection Agency registered to last through 70 washings, the expected lifetime of the product.

Insect Shield Repellent Apparel combines the Insect Shield process (a proprietary formulation of permethrin) with superior technical fabrics resulting in long-lasting insect protection enhanced by permanent moisture management and sun protection.

The following international agencies recommend insect repellent apparel:
