

PROTECT CHILDREN FROM PLAYGROUND HAZARDS

Register for NRPA's Playground Maintenance Course

The National Recreation and Park Association's Playground Maintenance Course will provide you with an understanding of the most prevalent playground hazards and safe maintenance and repair practices. This one-day course (0.6 CEUs) will train you on playground safety standards, playground owner responsibilities and will include maintenance and repair discussions on playground equipment, surfacing and site items.

Why Attend?

- According to the Consumer Product Safety Commission, over 240,000 children are injured each year on playgrounds.
- Poor maintenance is one of the leading causes of injuries on playgrounds.

Who Should Attend?

- Maintenance Staff
- Recreation Staff
- University Seniors
- Anyone Responsible for Playgrounds
