

CONSTRUCTION NOTICE

Reams Road/Silverlake Park Drive Traffic Calming/Access Management

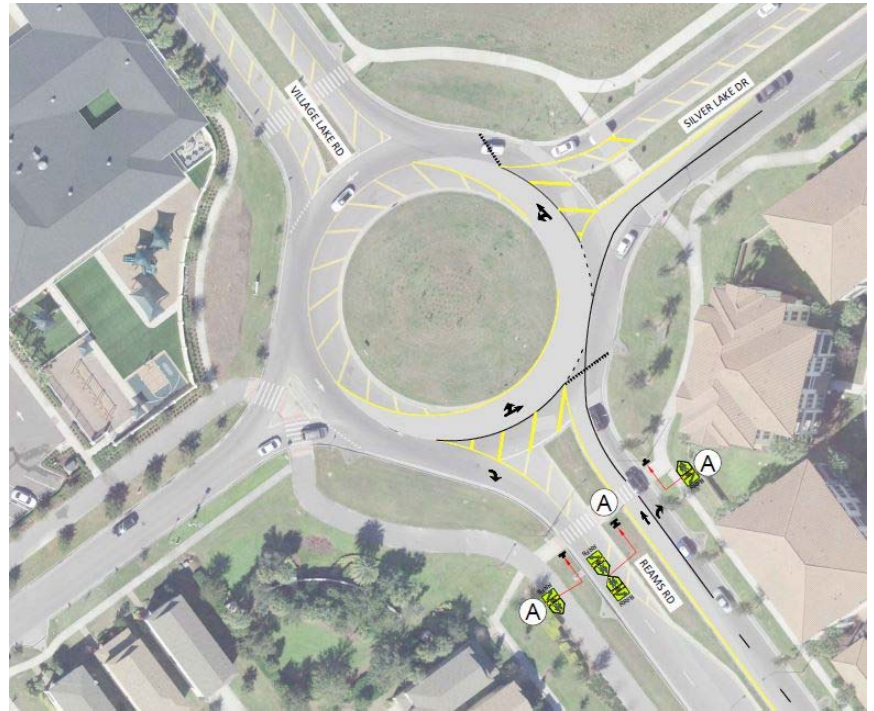

Project Phase Begin: March 13th 2020

Project Phase Conclusion March 20th 2020

Construction activities for the roundabout at Reams Road and Silverlake Park Drive will begin on March 13th and will conclude March 20th. Temporary traffic pattern modifications are expected and may include lane closures, nighttime and weekend work. Variable message boards will be in place prior to the beginning of the project and will provide updated information for specific construction activity dates.

This project will increase capacity and accommodate larger traffic volumes by restriping the current lane configuration to include dual right turn lanes from Reams Road to Silverlake Park Drive. This project will also include enhancements to the crosswalk on Reams Road to increase pedestrian visibility.

Please note that Orange County and the contractor are working diligently to reduce the impacts these construction activities may have on your community. For any additional information, please contact the project manager, Jerald Marks Jr. at 407-836-7892 or by email at Jeraldmarksjr@ocfl.net.

Para más información acerca de esta reunión, favor de comunicarse con la División de Ingeniería de Tránsito al número 407-836 -7890.

**This project is located in District #1
