

SPRINGWOOD INTERNATIONAL

Independent College & Career Preparatory School for International High School Students 2022

Springwood
was founded
in 1970

A residential school where students can expect more...

Honoring the past with our mission:

Springwood School is a college and career preparatory school providing a quality education in a nurturing environment, focusing on mind, body, and spirit.

Embracing the future with our vision:

Springwood School is adding focus to career readiness that not only includes measuring the IQ of each student, but also identifying and nurturing their EQ (Emotional Quotient). By making students aware of their natural abilities, Springwood School is propelling into an exciting era of individual growth for students.

Springwood School is preparing its students for:

- Jobs that have not yet been identified
- Technology that has not yet been invented
- Problems that have not yet been identified

“

Our daughter is very proud to be at Springwood School. She loves the team spirit and the various school activities. It is so nice to hear her talking with us on the phone or reading her messages on social media. Thanks Springwood for all the excellent work!”

Springwood School Special Programs and Traditions

- **Interim Experience:** Three days of travel, job shadowing, community service, and field trips during March instead of traditional classes.
- **Job-Shadowing:** Senior students intern in various professions of their choice during Interim days.
- **Wildcat Workday:** Annual school-wide day of service when students and faculty work throughout the community.
- **Wildcat Games:** Faculty and students of all ages are randomly divided into teams for fun competing in field games, water-gun parades, tug-of-war and more.

Faculty/College Acceptances/Scholarships

The Springwood School faculty is committed to knowing students well. These relationships help teachers to expertly guide and challenge students.

The success students experience at Springwood School is evident in their college acceptances, scholarships awarded and GPA's earned at the college level.

- Graduates are accepted to the college or university of their choice.
- Class of 2021 graduates were accepted to over 75 colleges and universities worldwide.
- 5-year annual average in college scholarship offers is \$2.7 million dollars.
- 5-year average student scholarship \$80,000.00.

“

I am so proud of my son who finished four years of high school at Springwood School. Under the guidance of the school, Jason successfully received three admission offers from top 100 universities in the U.S, two of which provided scholarships for him. I think that without the outstanding Springwood education, my son's university search would not have been so good.”
