

Island Chapel:

I pray you and your family are healthy and well amidst the COVID-19 crisis. We are grateful for your support as we impact more than 260,000 children and individuals each year. During these extraordinary times, the demand for our services is rapidly growing. Though our operations and staff are being stretched like never before, we are continuing to serve vulnerable children and struggling families. Our essential work is continuing and expanding as we:

- **Serve Florida's foster children in 50 counties.** We are placing new children in foster homes and recruiting and licensing new foster families every day. With added stressors for families, there will be an inevitable increase in incidents of child abuse and domestic violence. Our foster care teams are making necessary adjustments to abide by new state and local guidelines while utilizing technology to license families.
- **We are serving Florida's hungry children and at-risk families.** Over the past month alone, we provided 830,000 meals to hungry children and families. Thanks to food partners such as FarmShare, Walmart and Publix, we are distributing food for families in need at more than 150 locations.
- **We are continuing to care for the needs of single moms and their children** located on our campuses throughout Florida, many whose jobs and access to childcare have been affected. These moms are still on their feet and working toward self sufficiency because of the solid foundation they have in our program, in part because of your support.
- **Our Anti-Trafficking team** continues to meet the needs of girls in our safe home care, who are now home 24/7, while also continuing daily advocacy services for 80 victims.
- We are broadening our **global reach** by providing emergency relief meals in the countries we serve.

In all that we do, we are sharing the hope we have in Christ.

Thank you for making a difference in the lives of children and families in need!
