

Shape Note Singing at St. Giles Chapel
19 April 2024, 3:00–5:00 pm
Deerfield Episcopal Retirement Community

WNC Shape Note Singers meet every month and sing from *The Sacred Harp*, a hymnal first published in 1844. This is four-part, acapella singing, using a notation system of 4 shapes. Beginners are always welcome. Loaner books are available.

This group came to Deerfield in 2020; we had a very successful event with about 30 of the group and 20 from Deerfield. Then COVID forced a shutdown of a repeat gathering.

We are ready to go again. On the one hand, we have plenty of room, but not for busloads. I ask that you send me an email with your contact information and number coming.

For me, singing “Southern Harmony” hymns is a great participatory event; however, it is not a great, “observation-only” event. Please come and sing.

There is no charge, but contributions to the group to purchase hymnals will be solicited.
