

May 7, 2023

The Parish Council met on Tuesday May 3rd. While May is a dedicated study month, the council discussed a couple business topics.

We discussed the need to begin planning in earnest for office and storage space at the church property very soon. While it may be a while before a sale takes place, we need to be ready.

We discussed that we have had two showings at the Main Street property in the first week. Both showings appeared to go well.

Last month we wrapped up our study of 7 *"Christian" Rules That Every Christian Ought to Break as Often as Possible.*

This month we began a new book titled *Reaching Out without Dumbing Down. A Theology of Worship for the Turn-of-the-Century Culture* by Marva J. Dawn. We covered chapters 1 and 2.
