FEATURING George Scott, Center for Counseling Services
"Following his 30-year career in public education, George Scott continues his relationships with New Jersey school districts, both public and private, offering Professional Development and Parent Academy training. His work as a Coordinator with the NJ Traumatic Loss Coalition, part of Rutgers University Behavioral Health Care, and his work as a Family Therapist, supports his effort to provide suicide awareness and prevention training for school staff and parents. Safety for all of our children is a critical attribute of our work at the Center for Counseling Services."
