## SACRED SITES—QUESTIONS TO PONDER

What does the idea (concept) “sacred” mean to you?

Do humans have special places for rest, renewal, and safety? For example: chapels, memorial gardens, cemeteries, tombs, other?

What can you see as evidence that a place is or has been considered sacred by people who live, or have lived, there?

How is the relationship between humans, sun, moon, and stars depicted?

Are some animals shown as having mystical powers? Which and how?

Are some humans shown as having super strength—mental, physical, or psychological? Which and how?

What will you be looking for to signify “sacred” in a site you visit?

Is life depicted as a journey in what you see?

What symbols depict birth, life, and death? How do they vary from culture to culture? How are they similar?

What symbols depict birth, life, and death? How do they vary from culture to culture? How are they similar?

How are music, dance, and art used to express sacred thought?

What objects or symbols do you wear or have in your home that you consider sacred?
